

# Food Establishment Inspection Report

Page 1 of 3

Local Health Department Name and Address Woodford County Health Department 1831 S. Main Street, Eureka, IL 61530		No. of Risk Factor/Intervention Violations 0		Date 10/24/2023
Establishment Centennial School cafeteria		No. of Repeat Risk Factor/Intervention Violations 0		Time In 11:15 AM
Street Address 135 W. Fifth Street		Permit Holder El Paso-Gridley District #11		Time Out 12:30 PM
City/State El Paso, IL		Purpose of Inspection Routine Inspection		Risk Category I

## FOODBORNE ILLNESS RISK FACTORS AND PUBLIC HEALTH INTERVENTIONS

Circle designated compliance status (IN, OUT, N/O, N/A) for each numbered item  
 IN=In compliance   OUT=not in compliance   N/O=not observed   N/A=not applicable  
 Mark "X" in appropriate box for COS and/or R  
 COS=corrected on-site during inspection   R=repeat violation

Risk factors are important practices or procedures identified as the most prevalent contributing factors of foodborne illness or injury. Public health interventions are control measures to prevent foodborne illness or injury.

Compliance Status			COS	R	Compliance Status	COS	R																																																																																																																																	
<b>Supervision</b>																																																																																																																																								
1	In	Person in charge present, demonstrates knowledge, and performs duties			15	In	Food separated and protected																																																																																																																																	
2	In	Certified Food Protection Manager (CFPM)			16	In	Food-contact surfaces; cleaned and sanitized																																																																																																																																	
<b>Employee Health</b>																																																																																																																																								
3	In	Management, food employee and conditional employee; knowledge, responsibilities and reporting			17	In	Proper disposition of returned, previously served, reconditioned and unsafe food																																																																																																																																	
4	In	Proper use of restriction and exclusion			<b>Time/Temperature Control for Safety</b>																																																																																																																																			
5	In	Procedures for responding to vomiting and diarrheal events			6	In	Proper eating, tasting, drinking, or tobacco use			18	In	Proper cooking time and temperatures	7	In	No discharge from eyes, nose, and mouth			19	N/O	Proper reheating procedures for hot holding	<b>Good Hygienic Practices</b>								8	In	Hands clean and properly washed			20	N/O	Proper cooling time and temperature	9	In	No bare hand contact with RTE food or a pre-approved alternative procedure properly allowed			21	In	Proper hot holding temperatures	10	In	Adequate handwashing sinks properly supplied and accessible			22	In	Proper cold holding temperatures	<b>Preventing Contamination by Hands</b>								11	In	Food obtained from approved source			23	In	Proper date marking and disposition	12	N/O	Food received at proper temperature			24	N/A	Time as a Public Health Control; procedures & records	13	In	Food in good condition, safe, and unadulterated			<b>Consumer Advisory</b>			14	N/A	Required records available: shellstock tags, parasite destruction			25	N/A	Consumer advisory provided for raw/undercooked food			<b>Highly Susceptible Populations</b>			<b>Approved Source</b>								26	N/A	Pasteurized foods used; prohibited foods not offered			27	N/A	Food additives: approved and properly used			<b>Food/Color Additives and Toxic Substances</b>			28	In	Toxic substances properly identified, stored, and used			<b>Conformance with Approved Procedures</b>								29	N/A	Compliance with variance/specialized process/HACCP		
6	In	Proper eating, tasting, drinking, or tobacco use			18	In	Proper cooking time and temperatures																																																																																																																																	
7	In	No discharge from eyes, nose, and mouth			19	N/O	Proper reheating procedures for hot holding																																																																																																																																	
<b>Good Hygienic Practices</b>																																																																																																																																								
8	In	Hands clean and properly washed			20	N/O	Proper cooling time and temperature																																																																																																																																	
9	In	No bare hand contact with RTE food or a pre-approved alternative procedure properly allowed			21	In	Proper hot holding temperatures																																																																																																																																	
10	In	Adequate handwashing sinks properly supplied and accessible			22	In	Proper cold holding temperatures																																																																																																																																	
<b>Preventing Contamination by Hands</b>																																																																																																																																								
11	In	Food obtained from approved source			23	In	Proper date marking and disposition																																																																																																																																	
12	N/O	Food received at proper temperature			24	N/A	Time as a Public Health Control; procedures & records																																																																																																																																	
13	In	Food in good condition, safe, and unadulterated			<b>Consumer Advisory</b>																																																																																																																																			
14	N/A	Required records available: shellstock tags, parasite destruction			25	N/A	Consumer advisory provided for raw/undercooked food			<b>Highly Susceptible Populations</b>			<b>Approved Source</b>								26	N/A	Pasteurized foods used; prohibited foods not offered			27	N/A	Food additives: approved and properly used			<b>Food/Color Additives and Toxic Substances</b>			28	In	Toxic substances properly identified, stored, and used			<b>Conformance with Approved Procedures</b>								29	N/A	Compliance with variance/specialized process/HACCP																																																																																							
25	N/A	Consumer advisory provided for raw/undercooked food			<b>Highly Susceptible Populations</b>																																																																																																																																			
<b>Approved Source</b>																																																																																																																																								
26	N/A	Pasteurized foods used; prohibited foods not offered			27	N/A	Food additives: approved and properly used			<b>Food/Color Additives and Toxic Substances</b>			28	In	Toxic substances properly identified, stored, and used			<b>Conformance with Approved Procedures</b>								29	N/A	Compliance with variance/specialized process/HACCP																																																																																																												
27	N/A	Food additives: approved and properly used			<b>Food/Color Additives and Toxic Substances</b>																																																																																																																																			
28	In	Toxic substances properly identified, stored, and used			<b>Conformance with Approved Procedures</b>								29	N/A	Compliance with variance/specialized process/HACCP																																																																																																																									
<b>Conformance with Approved Procedures</b>																																																																																																																																								
29	N/A	Compliance with variance/specialized process/HACCP																																																																																																																																						

## GOOD RETAIL PRACTICES

Good Retail Practices are preventative measures to control the addition of pathogens, chemicals, and physical objects into foods.

Mark "X" in box if numbered item is not in compliance   Mark "X" in appropriate box for COS and/or R   COS=corrected on-site during inspection   R=repeat violation

Safe Food and Water			COS	R	Proper Use of Utensils	COS	R																																																																																																																																																			
30	Pasteurized eggs used where required				43	In-use utensils: properly stored																																																																																																																																																				
31	Water and ice from approved source				44	Utensils, equipment & linens: properly stored, dried, & handled																																																																																																																																																				
32	Variance obtained for specialized processing methods				45	Single-use/single-service articles: properly stored and used																																																																																																																																																				
<b>Food Temperature Control</b>																																																																																																																																																										
33	Proper cooling methods used; adequate equipment for temperature control				46	Gloves used properly																																																																																																																																																				
34	Plant food properly cooked for hot holding				<b>Utensils, Equipment and Vending</b>																																																																																																																																																					
35	Approved thawing methods used				36	Thermometers provided & accurate				47	Food and non-food contact surfaces cleanable, properly designed, constructed, and used		<b>Food Identification</b>								37	Food properly labeled; original container				<b>Prevention of Food Contamination</b>								38	Insects, rodents, and animals not present				39	Contamination prevented during food preparation, storage and display				40	Personal cleanliness				41	Wiping cloths: properly used and stored				42	Washing fruits and vegetables				<b>Physical Facilities</b>								43	In-use utensils: properly stored				44	Utensils, equipment & linens: properly stored, dried, & handled				45	Single-use/single-service articles: properly stored and used				46	Gloves used properly				47	Food and non-food contact surfaces cleanable, properly designed, constructed, and used				48	Warewashing facilities: installed, maintained, & used; test strips				49	Non-food contact surfaces clean				<b>Employee Training</b>								50	Hot and cold water available; adequate pressure				51	Plumbing installed; proper backflow devices				52	Sewage and waste water properly disposed				53	Toilet facilities: properly constructed, supplied, & cleaned				54	Garbage & refuse properly disposed; facilities maintained				55	Physical facilities installed, maintained, and clean				56	Adequate ventilation and lighting; designated areas used				57	All food employees have food handler training				58	Allergen training as required
